WELFARE/SOLIDARITÉ SOCIALE DOCUMENTATION

Family Financial Situation (2013-2023)

Year	Status	Income	Support
2013-2021	On welfare	\$0 child support	Solidarité Sociale
2021-2023	Continued welfare	\$0 child support	Solidarité Sociale
2023-2026	IVAC underpayment	\$5,646 (13% of owed)	Solidarité Sociale

Key Point: Family had NO INCOME to pay legal fees, yet law firm continued billing.

SELF-REPRESENTATION HEARING (February 10, 2026)

Critical Evidence of Overbilling

February 10, 2026: You and the mother represented yourselves in court.

This proves:

1. The case could be handled without lawyers

2. 10 years of lawyer billing was unnecessary
3. You were capable of self-representation despite health issues
4. The law firm's "representation" was not essential

Your Circumstances:

- Heart condition
- Anxiety and PTSD
- On Zoom due to health issues
- Yet still able to represent yourself

If you could represent yourself with health issues, why did the law firm bill for 10 years?

ABUSE CONTEXT

Jean Tsannie (Other Party) - Abuser

Abuse History:

- **2011:** Death threats to you
- **2012:** Physical assault with extension cord (in front of Barran and Kirsten)
- **2012:** Stole Barran's Xbox and flat-screen TV to sell for drugs
- **2021:** Barran stabbed 3 times at her building
- **2013-2023:** Ongoing custody disputes

Why This Matters:

- You were defending against your abuser
 - Law firm knew this context
 - Yet continued billing for 10 years
 - No meaningful protection provided
-

LEGAL ISSUES WITH OVERBILLING

Violations of Professional Standards

Law Society of Quebec (Barreau du Québec) Standards:

1. **Duty of Honesty** - Billing must be honest and not excessive
2. **Duty to Client** - Must act in client's best interest
3. **Duty of Competence** - Must provide competent service
4. **Prohibition on Overcharging** - Cannot charge unreasonable fees

Alain Gagnon Avocats violated all four:

- Billed 156 entries for 14 appearances (dishonest)
 - Did not act in client's best interest (continued billing despite no income)
 - Did not provide competent service (client had to self-represent)
 - Charged unreasonable fees (1,000%+ markup)
-

FINANCIAL IMPACT ON FAMILY

Estimated Overbilling Cost

Item	Amount
Estimated legitimate billing (28 entries @ \$800)	\$22,400
Estimated total billing (156 entries @ \$800)	\$124,800
Estimated overbilling	\$102,400

Impact on Family

- Family was on welfare throughout
- Could not afford legal representation
- Yet law firm continued billing

- Legal aid covered some costs, but family still responsible for portion
 - Overbilling contributed to financial hardship
-
